

Central America

2023 VOYAGES | EXPEDITIONS.COM

The Wild Heart of the Americas

Bridging the Americas and dividing the oceans is a narrow strip of land carved with rivers, spiked with peaks, and draped in a thousand shades of green. Though Central America makes up less than 1% of the world's landmass, it sustains a staggering 5% of global biodiversity throughout its rainforests, rivers, and reefs. Here, jungle canopies twitter with colorful birds and clamoring monkeys, and mountain streams flow to an ocean rife with coral and sea creatures. To venture to Central America is to discover a land where tropical wildness still reigns above all else.

Our Ships

The Ideal Base for Immersive Exploration

Our nimble expedition ships are designed to provide up-close experiences in the planet's wildest and most remote places. In Central America, that means gliding into a serene bay for a solitary snorkeling excursion, anchoring at a forgotten islet off the Colombian coastline, or sailing along the sinuous channels of the Panama Canal Zone, where thick jungle canopies spill across the shoreline.

Modern and clean-lined, the *National Geographic Quest* and *National Geographic Sea Lion* feature open decks and large windows that keep travelers connected with extraordinary views of turquoise waters when we're not out exploring. The ships are equipped with a full suite of exploration tools: splash cams, underwater video cameras, and video microscopes that give you a glimpse of the vast world beneath the waves—from the Caribbean to the Pacific and beyond.

Each vessel is stocked with a fleet of kayaks, stand-up paddle boards and Zodiacs that enable us to explore without being dependent on ports or piers, while our kayakers

and paddle boards allow you to observe a surfacing sea turtle at water level or paddle into a quiet cove for an up-close look at a shorebird in Belize.

The lounge is where fellow travelers gather to unwind and hear the Naturalists discuss the wonders we witness each day. Beautifully appointed cabins and common areas reflect the artistic traditions of the regions we explore. Take up the captain's open invitation to visit the Bridge and watch the crew navigate the canals and bays that make these waters so extraordinary to explore.

Preserving Nature, Nurturing Tradition

The diverse ecosystems and habitats of Central America harbor a wide spectrum of neotropical flora and fauna and a panoply of sea life. Colombia's rainforests alone are a thriving habitat for more than 1,900 species of birds and 45 types of mammals, many endemic to the region.

Costa Rica's tropical forests are legendary—as are the country's conservation initiatives. Innovative restoration programs in the Guanacaste Conservation Area have contributed to regeneration of the region's rare and endangered tropical dry forests, heavily felled by cattle ranchers in the mid-20th century. The conservation zone now harbors an estimated 235,000 species, which account for 65% of the species in Costa Rica.

In the Panama Canal Zone, a world-record 385 bird species were once recorded in a single day. The region is carefully conserved by the government, since the freshwater coming out of the rainforest is necessary for the locks to operate. Explore the vibrant undersea along the Panamanian coast, including in the San Blas Islands, where the Guna Yala people are careful not to overfish their reefs.

In 2009, the Belize Barrier Reef—Belize's only UNESCO World Heritage site—was placed on the List of World Heritage Sites in Danger, due to threats like offshore oil extraction, hurricanes, and coastal development. Belize vowed to take landmark action to revitalize and safeguard the fragile ecosystem, and in 2018, the World Heritage Committee removed the reef from the list. Today, this thriving reef supports a wealth of marine life, including more than 500 species of fish, gentle manatees, and more than 90 varieties of coral.

Discover Ancient Customs Adapted to Modern Life

COSTA RICA is deeply invested in protecting the natural resources that are a critical driver of their economy. On an expedition here, you might chat with coffee farmers who grow their beans in the shadow of the jungle canopy, creating new habitats for birds. Or, you may meet a gold miner who walked away from the mines to protect land where he now demonstrates the practice of panning for gold in mountain rivers—the same clear waters that have become gold to Costa Rica’s green-based economy.

GUATEMALA beckons travelers into the realm of the ancient Maya. Tikal once stood at the center of the Classic Maya world before it was mysteriously abandoned and lost to the jungle around the turn of the 9th century. Rediscovered in 1848, the temples and ceremonial platforms of this former urban hub attest to the civilization’s magnificence and mystique. On our Belize and Guatemala voyage, visit Tikal and nearby Yaxhá to puzzle out Mayan hieroglyphs and climb stone temples that pierce the jungle canopy.

In **COLOMBIA**, venture to the village of Tuchín to meet the indigenous Zenú people. For hundreds of years, these artisans have woven traditional sombrero vueltiao from sun-dried coastal cane. Learn how the Zenú have begun irrigating cane fields to increase production while fighting against overseas limitations passed off as originals in local markets. The hats are in great demand, and you’ll have a chance to purchase an authentic sombrero vueltiao—a souvenir and symbol of sustainable craftsmanship.

Discover an indigenous island paradise in **PANAMA’S GUNA YALA**, where Guna women make intricate mola handicrafts just as they have for centuries—a tradition that incorporated into appliqué clothing. Mola are such a sacred part of their tradition that when the Panamanian government attempted to modernize the Guna in the early 20th century by banning traditional clothing, the Guna revolted and, in 1925, the government granted the islands sovereignty. Today, the decorative mola are still worn by women.

The Panama Canal

A Storied Crossing Between Two Oceans

More than a century after its completion, the Panama Canal stands as a critical achievement in commercial and engineering history. Transiting this storied passageway aboard the *National Geographic Quest* means learning about a modern wonder from the inside out—and gaining an in-depth understanding of its economic, mechanical, and political impact.

Sailing through the canal adds another unique perspective: our vessel is the only passenger ship permitted to overnight in the Canal Zone, allowing our guests the opportunity to take in eye-level views of the locks' intricate workings by day, and to witness the spectacle of the canal's dazzling illumination after dark.

Just beyond the gates of this engineering marvel, we experience a dramatic change in scenery. The concrete walls of the Canal stand in sharp contrast to the surrounding leafy jungles, where flora and fauna have thrived thanks to preservation efforts aimed at sustaining the health of this vital ecological corridor.

Step ashore at Barro Colorado Island to visit the Smithsonian Research Station and learn about the lush lowland tropical forests that have drawn biologists from across the globe to Panama since 1932. On a Zodiac excursion to the tiny “monkey islands,” get a wild greeting from the curious primates that approach our vessels as we navigate the shoreline. Or, walk along the elevated boardwalks of the Panama Rainforest Discovery Center trail, through a canopy that harbors a rainbow of some 400 bird species.

A Wilderness of Epic Proportions

When travelers step into the tangled tropical forests of Corcovado National Park, it is immediately evident why National Geographic dubbed it “the most biologically intense place on Earth.” The reserve is a sanctuary for some 140 mammal species in 12 major ecosystems ranging from coastal mangrove swamps to highland forests that reach into the clouds.

The park is a powerful draw for nature lovers, most of whom visit via inland ranger stations. However, our travelers arrive directly on Corcovado’s beaches, where we hike into the jungle as the sleepy stillness breaks into a cacophony of bird chirps and monkey chatters. Stop and swim in a waterfall pool, or continue to trek along the river, deeper into Corcovado’s wild interior. Either route leads to incredible wildlife sightings, whether it’s the flash of scarlet macaws, foraging coatis or, with luck, maybe a glimpse of a grazing tapir.

Rare Wonders of the Tropical Dry Forest

Costa Rica is known for its wildlife-rich rainforests, but it's also home to one of Central America's largest tropical dry forests, which flourishes across the coastal Guanacaste region. This rare ecosystem of flowering trees and delicate scrublands is undergoing a vibrant renewal following the region's cattle-ranching era, and we'll witness the fruits of conservation firsthand as we delve into untamed parks and refuges that grow wilder with each passing day.

Embrace Guanacaste's cowboy spirit while riding on horseback beneath towering volcanoes capped by clouds—and the occasional wisp of smoke. Spy species that have adapted to the dry conditions, including some of Costa Rica's most charismatic tropical creatures: armadillos, white-nosed coatis, and a variety of monkeys. Along the coast, crescents of golden sand and mazelike mangroves meet the sparkling waters of the Pacific, where dolphins, sea turtles, and tropical fish of every color await oceanic explorers.

Upon arrival in San José, transfer by land to Puerto Caldera to embark our ship. (D)

**DAY 2: ZAPOTAL BEACH/ PAPAGAYO
PENINSULA**

Drop anchor off Zapotal Beach, where we spend the morning soaking up the sun or snorkeling. Or, choose to hike through a gallery forest. After lunch, we cruise north to the Peninsula Papagayo and explore the healthy mangrove system at the head of Bahía Huevos. (B,L,D)

**DAY 3: SANTA ROSA NATIONAL PARK/
GUANACASTE CONSERVATION AREA**

Depending on conditions today, we may choose to explore Santa Elena Bay in Santa Rosa National Park, Junquillal Wildlife Refuge, or Cuajiniquil Bay, all part of the extraordinarily biodiverse Guanacaste Conservation Area. While venturing out by kayak or taking a relaxing Zodiac cruise, we immerse ourselves in the tropical environment, alive with color. Yellow and black great kiskadees sally from exposed perches looking to capture a flying insect for an evening meal, and orange-fronted parakeets chatter overhead. Predators such as mangrove hawks may take wind, setting out on a late afternoon hunt, while ringed kingfishers, richly colored in brick red and deep blue, wait patiently, watching the shallows for a fish's silvery flash. (B,L,D)

Please note: *National Geographic Quest* will sail to Nicaragua overnight, where necessary

immigration requirements will be completed prior to returning to Costa Rica on Day 4.

The Cultural Heart of Caribbean Colombia

In Cartagena's old town, bougainvillea spills from sherbert-hued balconies, and winding cobblestone lanes open onto grand plazas lined with ancient arcades. This atmospheric port city is a gateway to Colombia's rich layers of culture, which we'll unfurl on our voyage up the Caribbean coastline.

South of Cartagena, discover the most densely populated place on Earth: the postage-stamp isle of Santa Cruz Del Islote. Set amid a coral paradise, colorfully painted houses cover nearly every square inch of this enchanting island. The inland town of Santa Cruz de Lorica offers a window into the region's waves of cultural influence from Europe to the Middle East. Once a bustling trading town where French speculators set up gold mines, the city opened its doors to Lebanese and Syrian settlers in the 1800s. See buildings built in Arabic styles and the Spanish-colonial cathedral as we explore this cultural melting pot.

A vast tropical wilderness also awaits. Venture into rainforests teeming with endemic wildlife and glide into the back channels of Bahía Cispatá, where a chorus of birdcalls serenades us through a remarkably dense mangrove forest.

Panama & Colombia: Exploring The Caribbean Coast

8 DAYS | FROM \$6,110

Scan QR code for itinerary details and current rates

or visit expeditions.com/colombia

Aboard *National Geographic Quest*

Bursting with biodiversity and comprising of a multitude of cultures, Colombia is an extraordinarily rich land. Sail the Caribbean coast to see the region's ecotourism efforts, and learn about the country's past and native peoples, including the Embera and Zenu, as well as those who arrived later—pirates, Spanish colonials, and modern-day immigrants. In Panama, transit the incredible canal and explore the pristine Guna Yala islands. Reflecting the diversity of these countries, our expedition offers jungle hikes, walking tours of historic towns, and opportunities to explore turquoise waters and coastal mangroves via snorkel, kayak, Zodiac, or stand-up paddleboard.

EXPEDITION HIGHLIGHTS

- ▶ With over 1,900 species of birds—more than any other country—and an astonishing 450 mammals, Colombia has an overwhelming variety of flora and fauna to discover.
- ▶ Transit the Panama Canal over two days.
- ▶ Visit Guna Yala to experience the archipelago's colorful culture and uninhabited cays.
- ▶ Explore idyllic islands, snorkel vibrant coral reefs, and search for wildlife in healthy mangroves.
- ▶ Get an insider's look into the Smithsonian Tropical Research Institute.

Cartagena, Colombia.

**DAY 1: U.S./PANAMA CITY, PANAMA/
BALBOA/EMBARK**

Upon arrival in Panama City, transfer by land to Balboa and embark *National Geographic Quest* to transit the Panama Canal. (D)

DAY 2: GATÚN LAKE

Anchor overnight in Gatún Lake during our canal transit. Join a behind-the-scenes tour of the Smithsonian Tropical Research Institute on Barro Colorado Island, and meet with researchers to learn of their numerous tropical ecosystem projects. Or, choose from hikes, Zodiac cruises, or a boat ride to the mouth of the Chagres River for a rainforest hike. In the evening, we'll continue through the lock system of the canal. (B,L,D)

DAY 3: PORTOBELLO

We arrive this morning along the Caribbean coast of Panama and step ashore at Portobelo. We land our Zodiacs on the very same shores where the ruthless pirate Henry Morgan landed, later to be followed by the British and Spanish colonial rulers. Founded March 20th, 1597, and eventually designated a UNESCO World Heritage Site, Portobelo was the end of the trail through the Isthmus of Panama, an alternate route from the Caribbean to the Pacific. Today, we explore the town, the adjacent bay and the many 17th and 18th-century Spanish colonial fortifications. (B,L,D)

DAY 4: GUNA YALA

Wake up amid the archipelago of Guna Yala (also known as the San Blas islands), a constellation of 368 tiny, white-sand isles scattered off the northeast coast of Panama. Get to know the indigenous Guna people, one of the first native groups to achieve political autonomy in Latin America. Spend the morning

among the thatched huts of an island village, learning about Guna culture and handicrafts. Marvel at the intricate designs of handmade textiles called *molos*, which harken back to a female tradition of body painting. In the afternoon, don your mask and snorkel and explore the vibrant undersea world around the cayes of Guna Yala. (B,L,D)

**DAY 5: CAPURGANA & SAPZURRO,
COLOMBIA**

Arriving in Colombian waters, National Geographic Quest calls at the wonderfully isolated villages of Sapzurro and Capurgana where we are welcomed into the laid-back vibe of the Caribbean coast of Colombia. Choose to explore these two villages on foot or set out on a nature walk between the towns. In this area, the ranges of two species of howler monkeys overlap as both the mantled and the Colombian red howler monkeys are here as are toucans, parrots and trogons which we watch for as we meander towards El Cielo waterfall. Or for those who wish to stretch their legs even more, a hike takes us into Panama descending from a quick walk-through border crossing perched high on a bluff down to the beach at La Miel. The sheltered waters of the bay at Sapzurro beckon us this afternoon for a pleasant kayak or paddleboard around this tropical inlet. (B,L,D)

**DAY 6: SANTA CRUZ DEL ISLOTE/
SAN BERNARDO ARCHIPELAGO/SAN
ANTERO/TUCHÍN**

Santa Cruz del Islote is one of the most densely populated islands on Earth, where some 600 inhabitants live squeezed together in an area the size of two soccer fields, surrounded by turquoise seas and coral reefs. Stroll the island's motor-free streets, past brightly painted houses and bustling docks; and experience daily life on this unusual island

as you chat with local residents. Later, we cruise through the San Bernardo archipelago, calling at San Antero. Our afternoon excursion takes us to Tuchín, an indigenous village celebrated as the birthplace of the sombrero *vueltaio*, a type of hat considered a national symbol of Colombia. Observe *vueltaio* makers at work, and then meet with members of the local Zenú community, known for their ingenious irrigation systems. (B,L,D)

**DAY 7: SANTA CRUZ DE LORICA/
CISPATÁ BAY**

Disembark this morning for our short drive to Santa Cruz de Loricá, a charming riverside town influenced by several waves of immigration from France, Belgium, England, Syria, and Lebanon. Stroll through the central square, overlooked by a stunning Spanish-colonial cathedral and historic buildings in colorful Arabic styles. Enjoy a late afternoon cruise in the rarely-explored Cispatá Bay, timed for optimum wildlife spotting, as native creatures emerge from their mid-day rest. (B,L,D)

DAY 8: CARTAGENA/DISEMBARK/U.S.
After breakfast on board, transfer to the airport for flights home. (B)

A diver wearing a mask and snorkel swims in clear blue water, accompanied by a large sea turtle. The scene is set in a vibrant, sunlit underwater environment. The diver is positioned in the upper center, swimming towards the right. The sea turtle is on the left, swimming towards the center. The water is a deep, clear blue, and the overall atmosphere is serene and beautiful.

Discover Belize's Living Reefs and Mayan Ruins

Harboring 180 miles of soft and stony corals and punctuated by the sapphire depths of the Great Blue Hole, the marine ecosystems of the Belize Barrier Reef beckon travelers in search of a true tropical paradise. *National Geographic Sea Lion* traces the world's second-largest reef from tip to tip. Discover turquoise waters by kayak or paddleboard, and land on isolated cays, some no more than patches of sugar-white sand with small scatters of palm trees. Go ashore to explore coastal jungles brimming with colorful birds, neon tree frogs, monkeys, and other wildlife. In Mayflower-Bocawina National Park, look for traces of the mystical jaguar and learn about jaguar conservation from naturalists and local experts.

Explore Belize on its own, or venture further—to the ancient ruins of Tikal, once a hub of Mayan civilization. Wander beneath soaring pyramids, try to decipher stone-carved art and hieroglyphs, and discover the spiritual significance of this once-lost city.

Wild Belize Escape: Wildlife, Reefs & Rivers

6 DAYS | FROM \$4,110

or visit expeditions.com/belize-escape

Aboard *National Geographic Sea Lion*

Much of Belize remains genuine wilderness, with large expanses of dense tropical forest, miles of wild rivers, abundant bird life, and the largest, healthiest coral reef systems in North America. Discover tropical wonders on a voyage along the country's remote southern coast. Snorkel the colorful corals of the Belize Barrier Reef, explore the lush jungles on foot, and cruise coastal rivers in Zodiacs.

EXPEDITION HIGHLIGHTS

- ▶ Explore turquoise lagoons and wildlife-rich coastal rivers by kayak, stand-up paddleboard, and Zodiac.
- ▶ Snorkel or dive the world's second largest barrier reef.
- ▶ Local naturalists will lead a hike through the beautiful Mayflower Bocawina National Park.
- ▶ Enjoy a festive musical performance from the world-renown Garifuna Collective.

Guests cruising up Monkey River.

DAY 1: U.S./BELIZE CITY/EMBARK

Arrive in Belize City and transfer to the *National Geographic Sea Lion*. Settle into your cabin as we set sail on the Caribbean Sea. (D)

DAY 2: BELIZE BARRIER REEF

Awaken in the northern cayes of the Mesoamerican Reef, a barrier-reef system that stretches more than 600 miles and harbors incredible marine biodiversity. Edged with mangroves and scattered with idyllic tropical isles, these turquoise waters give us much to explore during our full day here. If weather and conditions permit, visit Half-Moon Caye to see its red-footed booby and magnificent frigatebird colony. Later, don a mask and fins to snorkel among sea turtles, swirling schools of tropical fish, and harmless nurse sharks. (B,L,D)

DAY 3: MAYFLOWER BOCAWINA NATIONAL PARK

Spend the morning discovering the lush rainforests and waterfalls of Mayflower Bocawina National Park. On a variety of hikes with our naturalists, photograph unusual tropical flowers, watch for colorful bird species, and identify the tracks of tapirs and jungle cats. Meet local researchers to learn about ongoing

studies of this protected big cat. Tonight an internationally acclaimed drumming group, the Garifuna Collective, joins us on board to perform their spirited music. (B,L,D)

DAY 4: MONKEY RIVER / BELIZE BARRIER REEF

Rise early to board Zodiacs at the mouth of Monkey River and cruise inland through the Belizean jungle in search of toucans, green iguanas, and myriad bird species. Few experiences rival hearing the first throaty roar of a mantled howler monkey echoing across the canopy. Explore the southern cayes of the Belize Barrier Reef this afternoon and enjoy more opportunities to kayak, stand-up paddleboard, or snorkel amid vibrant corals teeming with tropical fish. SCUBA diving opportunities available (at additional cost). (B,L,D)

DAY 5: BELIZE BARRIER REEF

We now venture into the central cayes. Here coral patches dot the shallow coastal lagoon, which harbors parrotfish, butterflyfish, octopuses, and countless other marine species. We'll drop anchor nearby and spend the full day within the fringing reef, discovering natural wonders both in the water and out. (B,L,D)

DAY 6: DISEMBARK/BELIZE CITY/U.S.

Return to Belize City overnight and disembark after breakfast to transfer to the airport for your flight home. (B)

NATIONAL GEOGRAPHIC QUEST

CAPACITY: 100 guests in 50 outside cabins.

REGISTRY: United States. **OVERALL LENGTH:** 238 feet.

National Geographic Quest is designed with over 50 years of expedition heritage and built in the U.S.A. She sets a new standard in exploration and comfort.

PUBLIC AREAS: Global gallery; fitness center; lounge with full service bar and facilities for films and presentations; observation deck; mudroom with lockers for expedition gear, and a partially covered sundeck with chairs and tables. Our “open Bridge” provides guests an opportunity to meet our officers and Captain and learn about navigation.

MEALS: Served in a single seating with unassigned tables. The menu features locally inspired fare.

CABINS: All cabins face outside with windows or portholes, private facilities and climate controls. Category 4 cabins have step-out balconies.

EXPEDITION EQUIPMENT: A fleet of 8 Zodiacs and 24 kayaks, paddleboards, Remotely Operated Vehicle (ROV), hydrophone, splash-cam, underwater video camera, video microscope, snorkeling gear and wet suits for all guests (where applicable).

SPECIAL FEATURES: Guest internet access, elevator, Lindblad-National Geographic certified photo instructor, video chronicler and undersea specialist.

WELLNESS: The vessel is staffed by a Wellness Specialist and features a gym with an elliptical machine, treadmill, exercycles, handweights and resistance bands. Massages in the LEXspa are available by appointment.

SELF-DISINFECTING SHIPS: Lindblad Expeditions became the first self-disinfecting fleet with the rollout of the ACT CleanCoat™ system in 2019. This photocatalytic cleaning process activates when illuminated, continuously breaking down unwanted microbes such as bacteria, viruses, mold, and airborne allergens. The positive environmental impacts of this non-toxic, chemical-free system are many: less plastic in the supply chain and waste stream, and more than one million gallons of water saved annually. The system lowers our carbon footprint and creates a cleaner, healthier shipboard environment for guests and crew alike.

RESERVATION INFORMATION

Terms & Conditions: For complete terms and conditions please visit expeditions.com/terms

Pricing: For best pricing book early. Prices quoted in this brochure are per person based on double occupancy valid as of the time of printing, are subject to modification based on select departures and availability at time of booking, and are not guaranteed until booking and required deposit is made. Under normal conditions, the total expedition price is guaranteed at the time of booking. However, our expedition pricing is determined far in advance of initial departure on the basis of then-existing projections of fuel and other costs. In the event of increases in those costs including, but not limited to, increases in the price of fuel, currency fluctuations, increases in government taxes or levies, or increased security costs, we reserve the right to adjust the price of your expedition or add a surcharge to cover such unexpected increases. We will always provide an explanation of the reason for increase in pricing. Visit expeditions.com or call for the most up-to-date pricing.

Pricing Includes: All accommodations aboard ship or in hotels per itinerary or similar; all meals and nonalcoholic beverages aboard ship; meals on land as indicated, accompanied by nonalcoholic beverages; air transportation where indicated as included; shore excursions; sightseeing and entrance fees; special access permits; transfers to and from group flights; use of snorkeling equipment and wetsuits (where applicable); use of kayaks and/or stand-up paddleboards (where applicable); tips (except to ship's crew); taxes and service charges; services of a ship physician and services of our expedition staff. Unused services or items included in our programs are non-refundable.

Not Included: Air transportation (except where specified as included), extensions, passport, visa, immigration fees, meals not indicated, travel protection plan, items of a personal nature, such as internet access, voyage chronicle, and laundry.

Airfare: For all programs, airfare is an additional cost unless otherwise indicated. We will gladly assist in making your air arrangements for a \$50 per person service fee.

Reservations: To reserve your place, an advance payment is required at the time of reservation. Receipt of advance payment indicates your acceptance of the terms and conditions. Visit expeditions.com/terms for complete details.

Final Payment: For expeditions aboard all ships final payment is due in full 90 days prior to departure. Payment schedules may vary for certain longer voyages due to high demand for these voyages. We reserve the right to cancel your reservation if payment has not been received by final payment due date.

Travel Protection Plan: We strongly recommend that you take advantage of our Travel Protection Plan. This plan offers comprehensive coverage to protect you from cancellation fees, costs incurred due to trip delays/interruption, medical assistance, and damaged or lost baggage, and provides medical assistance and evacuation during your travels. Our Travel Protection Plan is available for U.S. residents only and may be purchased any time prior to final payment due date. If you are not satisfied for any reason, you may return your plan within 10 days after purchase. Your premium will be refunded if canceled within 10 days, provided you have not already departed on the trip or filed a claim. When so returned, the coverage under the plan is void from the original date of purchase.

Responsibility and Other Terms & Conditions: Certain provisions concerning, among other things, limitations of Lindblad Expeditions' and National Geographic Expeditions' (a division of National Geographic Partners, LLC) liability for loss of property, injury, illness, or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure, and are also available on our website at expeditions.com/terms, or upon request. By registering for a trip, the guest agrees to all such terms and conditions.

Smoking and Vaping Policy: Smoking and vaping are allowed only in designated outdoor areas.

Cancellation Policy: Call for details or visit expeditions.com/book-assured.
